

Assembly instructions

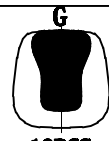

We recommend the installation of this lighting fixture is provided by a licensed electronic warning * switch from the main power box/circuit breaker prior to the installation of the main electronic supply

1. Carefully remove all the parts from the box.
2. Remove mounting bracket (C) from rectangular canopy (D) by loosening screw (E).
3. Fix the mounting bracket (C) to the ceiling with screws (B) and buckle the wire rope (H) to the hook (I). Wrap the nipple (A) around the two safety cables and push the cable into the outlet box.
4. Connect the rectangular canopy (D) to the mounting bracket (C) and fix it again with screw (E) to the mounting bracket (C).
5. Install the glass (G) use a seven-word wrench (L) to install the screw (K) screw on the aluminum piece (F).
6. Upon completion of installation, power on the fuse or circuit breaker. Make sure the power is off during wiring.

* Only wipe clean with a soft, dry cloth. Do not use harsh abrasives or chemicals
